SERVICES TO ACCOMMODATE YOUR  
**INDIVIDUAL** INTERIOR DESIGN NEEDS

## About Lana Barth

With over 20 years of expertise in the design field, I worked with young and middle aged singles and couples, independent living public spaces as well as individual seniors who are downsizing.

I have experience in decorating model homes, custom residential, as well as offices, retail and small restaurants. I also do space planning, color consultation, window and wall design, furniture, and accessories, with a nod toward the arts and contemporary design.

I love the business and strive to build a solid relationship with each client.
