Craftmade Guage

Craftmade's standing black weather gauge has thermometer, humidity and barometer readings. Decorative metalwork embellishes the accent piece, and durable, weather-resistant steel construction will endure all-season weather. It is 71" high and 21" wide, and is completely portable. A great addition for garden, or anywhere in your yard; it brings big time décor to your outdoor living space. For more information, please call our friendly and knowledgeable customer service department at 1-800-527-2578, or visit Craftmade's website at www.craftmade.com.

HUNTER EXTERIORS™

A timeless sound of relaxation, the Fontana fountain stands 51.5" tall and is one in a family created in the new Hunter Exteriors™ line of lighted fountains, lighting and fans designed for fine outdoor living. Relax and enjoy your outdoor room in comfort and style.

Light Accents™ by Kichler®

Let your creativity shine.

Hosting a special occasion? Changing a room's color scheme? Customize existing lighting for a new touch. Use these easy-to-add or remove embellishments to accent to lamps, sconces, chandeliers, even curtain rods. Light accents attach with super-strong Magtrim™ technology to any steel surface and hold securely in place for effortless accessorizing. www.kichler.com

Designer Dreams

Planika Fire

Planika Fire GF-21 is the object of contemporary applied art. It is a mobile fire solution without the installation of a chimney, which can be set in any desired space, even in the middle of the living room.

Thanks to Planika Fires we can easily enter a mood which will let us gain distance from the pace of civilization. They can relax and inspire the most daring dreams. Planika Fires is the only series of products in the world to create a real fire without any smoke based on the patented technology of Glassfire®.

The uniqueness of the solutions applied to the technologically advanced Planika Fires allows them to gain the effect of dancing fire flames, which appear in their natural intense colors. The secret to this technology lies in the ecological, liquid Fanola® fuel. Based on ethyl alcohol it is carbon dioxide neutral.

Sambuca by Deco Breeze®

Deco Breeze® transforms the stand alone fan into an ultra stylish home décor accent. Beautifully handcrafted, the Sambuca style Deco Breeze® fan is the perfect complement to many home décor styles with a bamboo-like quality and beautifully finished. This decorative accent is also a superb fan featuring all metal motor housing and fan blade as well as 3 speeds and oscillation features. Covered by a 1 year warranty, this fan is a stunning functional accent for any home or office!

Monterey Clock from Ridgeway®

Offering a sense of casual living and lazy afternoons by the seashore, the Monterey will transform the interior of your living space into a "Home." Crafted from select American hardwoods and veneers, this curio clock features bead-board panels on the back and upper sides, three adjustable glass shelves for displaying your treasured collectibles, and a locking door for added security.

Finished in Natural Vanilla, the worn edges and mild antiquing complement the large weathered dial. An interior lamp provides a soft glow within the lower case. A time-only quartz battery movement requires one "AA" battery for operation. Leveling feet installed at the base.

One year warranty is included with this American Made clock.
